

Type 0 - The Club Signal

Friday, 06 July 2012

Last Updated Friday, 06 July 2012

'The SYC Burgee'

The club signal - or burgee - is described in the By-laws and is the basic symbol of the club and the root element of all other logos.

The burgee is ALWAYS presented as a Navy (dark) field with white (light) letters and border, regardless of the surrounding background color. The burgee's colors should NEVER be inverted to appear as dark letters on a light field.
